The screenshot shows the Wanfang Data website homepage. The browser address bar displays <http://www.wanfangdata.com.cn/index.html>. The page header includes the logo and name of the platform, navigation links for '首页' (Home) and '社区' (Community), and a '绑定机构' (Bind Institution) dropdown menu. A red box highlights the dropdown menu, which shows '欢迎陕西理工大学的朋友' (Welcome friends of Shaanxi University of Technology). Other navigation links include '登录/注册' (Login/Register), '钱包' (Wallet), '资源导航' (Resource Navigation), and '返回旧版' (Return to Old Version). The main content area features a search bar with the text '海量资源，等你发现' (Massive resources, waiting for you to discover) and a search button. Below the search bar, there is a large graphic of a brain composed of nodes and lines, with labels for various resource types: '学位' (Degree), '专利' (Patent), '期刊' (Journal), '会议' (Conference), '科技报告' (Tech Report), '成果' (Achievement), '标准' (Standard), '法规' (Regulation), '地方志' (Local Gazetteer), '视频' (Video), and '更多' (More). A text block on the left describes the platform's integration of billions of global academic resources and its commitment to helping users discover and access academic excellence. The '服务 Services' section at the bottom contains two main service buttons: '万方检测' (Wanfang Similarity Detection) and '万方分析' (Wanfang Analysis).
